

Healthy Climate® MERV 16 Media Air Cleaner

Healthier

- » **Highest-efficiency MERV 16 Precision Pleat™** media filter (MERV 16*/CADR 1900**)
- » **Hospital inpatient care/general surgery level filtration**
- » **Removes over 95%** of particles ranging in size down to 0.3 micron***
- » **Removes over 90%** of bioaerosols and microorganisms down to 0.01 micron***
- » **No ozone emissions** – a known lung irritant

Cleaner

- » **Provides whole-home filtration** – unlike portable filtration units that can only solve part of the problem one room at a time, the HC16 provides whole-home filtration, working continuously to keep cleaner, fresher air throughout the entire home
- » **No cleaning required**
- » Cartridge slides out for **quick and easy replacement**
- » **Cartridge lasts up to one year** – as with any filtration product, replacement life cycle depends on the individual conditions and needs of your home

Home comfort

- » **Whole-home filtration** designed to work with your existing heating and cooling system

Reliable performance

- » **#1 rated professionally installed, whole-home filtration system** as ranked by a leading consumer magazine
- » It would take at least **six of the top-rated portable room air cleaners to equal the performance of one Healthy Climate® 16 Media Air Cleaner**
- » **Effective filtration to protect HVAC equipment** and keep your system running efficiently
- » **Compatible with any HVAC system**, no additional power source is needed
- » **Quality you can trust** – designed with reliable, time-tested components
- » **5-year limited warranty** on covered components†

Lennox is proud of the fact that these products have earned the Good Housekeeping Seal.

HC16

Innovation in whole-home filtration

*The MERV (Minimum Efficiency Reporting Value) rating of a filter describes the size of the holes in the filter that allow air to pass through. The higher the MERV rating (categories range from 1 to 16), the smaller the holes in the filter, the better the filtration.

**The Clean Air Delivery Rate (CADR) represents the cubic feet of clean air produced per minute.

***One micron = 1/25,000 of an inch in diameter.

†Warranty applies to residential applications only. See actual warranty certificate for details.
